

# Odious™ Gypsy Instructions

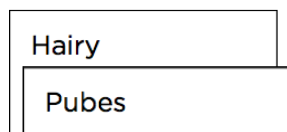

Everybody starts with 7 Tarot Cards (no boarder) in their hand.

To start the first round, one player picks a Fortune-Seeker card (black boarder) and assumes the identity of the person on the card who is getting their fortune told.

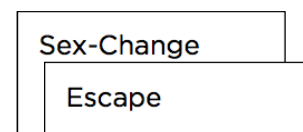

All other players are Gypsies for this round, and must give the Fortune-Seeker a psychic reading. To do this, Gypsies choose two Tarot Cards from their hand and put them together to tell the Fortune-Seeker's future. Gypsies take turns showing the Tarot Cards they chose to the Fortune-Seeker and giving their interpretation of what the cards mean for the future. Be creative... fortune-telling favors the bold.

After all the Gypsies have gone, the Fortune-Seeker chooses what they believe is their most likely future. The Gypsy who told that fortune wins the Fortune-Seeker card for that round. After the round is over Gypsies should replenish their hand with two more Tarot Cards (seven total).

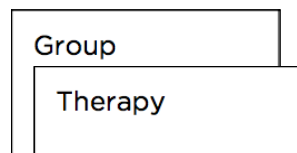

Then the next player flips over a Fortune-Seeker card. You can guess where it goes from here.

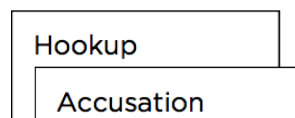

"My Tarot Cards are showing me Hairy Pubes... sorry, but it looks like you'll continue to be bored, and your husband will continue not to trim."

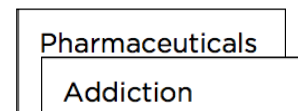

"I see a Sex-Change Escape in your future. The only way you're getting out of this dead-end marriage is to become a man and start over."

"There's only one way to get your marriage back on track... you and your husband need to go to Group Therapy."

"Your future holds a Hookup Accusation. Your husband will think you're cheating. So if you're gonna get accused, you might as well do it..."

"The Tarot Cards are telling me that there is a Pharmaceuticals Addiction in your future. Guess that makes you the same as every other housewife of your generation."
